

Dunlop latex is a resilient, all-natural foam that offers reliable spinal support, breathability, & long, lasting comfort

Cotton is a durable and hypoallergenic fibre, a great choice for sensitive sleepers to maintain optimal coziness

Hundreds of springs are individually pocketed, providing superior motion isolation, targeted body contouring, and enhanced spinal support

Airbond is a breathable wool-cotton blend that provides comfort and added durability for a fresh and supportive sleep surface

Wool whisks away moisture to ensure a dry, temperature-regulating surface to help you get a deep and restful sleep
