BUILT OUT OF NATURAL MATERIALS

Cotton is a durable, resilient, and hypo-allergenic fibre, making it a great choice for sensitive sleepers to maintain comfort

Wool whisks away moisture to ensure a dry, temperature-regulating surface for a restful sleep

Dunlop latex is a durable, natural foam that offers reliable spinal support, breathability, & long, lasting comfort

Airbond is a wool-cotton blend that provides breathable comfort, & added durability for a fresh and supportive sleep surface

FEATURES

- Hand-tufted for multilayer density to help reduce body impressions and retain product integrity for a longer period of time
- Wool rosettes
- Designer tape edge and fabric
- Available in Zip n link
